

Ard Uisce

"Ard Uisce" a community
for all generations

“Ard Uisce” meaning High above the Water, has the best of everything; stunning views & close to all amenities

At the Wexford Low Energy Home Family, we have been building communities for 25 years.

“Ballyfán” in Carne, “Gleann an Ghairdín” in Gorey Town, which is currently under construction, “Cluain Buí” in Enniscorthy, “Shingán” in Enniscorthy, and “Cúil Na Tíre” in Gorey, to name but a few, are all success stories we are proud to stand over.

Our philosophy is simple. From the foundation of each of our Homes, to the final brush strokes, we pride ourselves on our professional manner.

We build traditional, robust, Low Maintenance, Highly Energy Efficient Homes, essential and truly valued by today’s busy families. Working closely with our Contractors we can offer Homes all the way to turn key.

As we continue to build your new community, we finalise the infrastructure of each phase of the development, right through to landscaped greens, lighting, pathways and roadways.

Above all, we commit to deliver a **Home** that will exceed your expectations. That’s our commitment to you.

Dan Morrissey

"Ard Uisce"

a community for
all generations

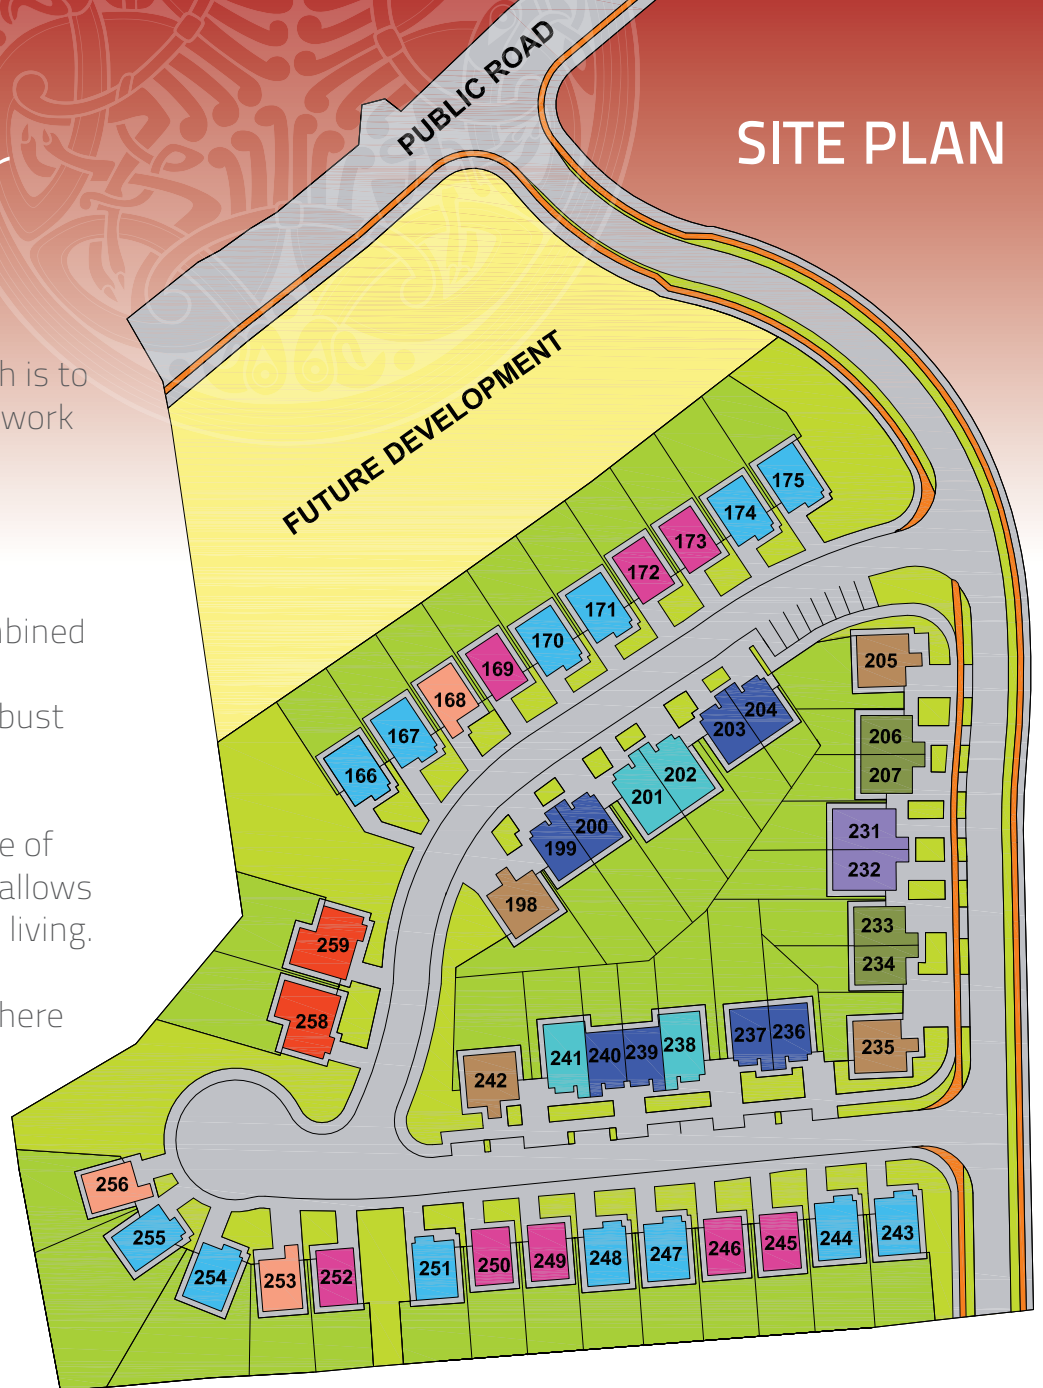

Our home building approach is to start from the outside and work our way inside, as we take absolutely everything into account.

Beginning with design, combined with solid traditional block construction, to create a robust exterior.

Inside we start with a sense of space and an airiness that allows for convenient comfortable living.

After all, Home is exactly where everyone longs to be.
